The Week That Was

Easter at Yack Health

What a lovely time we have had over the Easter period. Many residents had family in to see them, some that had been separated by covid and border restrictions and were finally able, after all this time, to see each other – how special!

Residents were able to attend in-house church services to support their spiritual needs, then later in the day several staff and residents relived their youth by taking part in an Easter egg hunt. What a fun activity!

SEAFOOD LUNCH

Residents of Yackandandah Health were treated to a fabulous seafood feast on Good Friday. The catering team presented a wonderful seafood lunch consisting of prawn cocktails and seafood mornay which was thoroughly enjoyed.
