PADSIP YACK 2024

POSITIVE AGEING DIGITAL STORYTELLING INTERGENERATIONAL PROJECT

We would like to invite you to be part of this exciting Intergenerational **PADSIP** project taking place with Year 6 Students from Yackandandah & nearby Wooragee & Osbornes Flat Primary Schools and Adults from Yack Health & the local Community

The idea is to share experiences and knowledge across the generations with the aim of producing “digital stories” about some aspects of what has been learnt through the meetings with each other.

We are looking forward to meeting together to find out about each other and our stories.

The program will start in **2nd Term, each Tuesday 10-11am from 23rd April till 25th June.** We will meet for 10 weeks and then come together as a community to see the results of the video stories that that have been produced. There will be an initial meeting with the students at Yackandandah Primary School on Tuesday 16th April 11:45-12:45 for any Volunteers & staff & Parents able to come.

If you would like to join this program please contact **Mark Silver** on 0414898330 or email msilver@swin.edu.au

JOKE OF THE WEEK

A lady goes to the bar on a cruise ship and orders a scotch with two drops of water. As the bartender gives her the drink she says, "I'm on this cruise to celebrate my 80th birthday and it's today."

The bartender says, "Well, since it's your birthday, I'll buy you a drink. In fact, this one is on me." As the woman finishes her drink, the woman to her right says, "I would like to buy you a drink too."

The old woman says, "Thank you, Bartender, I want a scotch with two drops of water." "Coming up," says the bartender.

As she finishes that drink, the man to her left says, "I would like to buy you one too."

The old woman says, "Thank you. Bartender, I want another scotch with two drops of water." "Coming right up," says the bartender. As he gives her the drink, he says, 'Ma'am, I'm dying of curiosity, why the scotch with only two drops of water?'

The old woman replies, "Sonny when you're my age, you've learned how to hold your liquor. Holding your water, however, is a whole other issue."
